Nick,

I'm having trouble with Terry Hart. He is being difficult in signing of a number of Powers of Attorneys for the US

Any suggestions for a next step? He has now had these documents since 21 December!

Antony

Antony,

I have been in Switzerland on business for the past week, so have been unable to deal with any non-Novartis business, which will most definitely be the case for the foreseeable future.

I will contact you when I have been able to read the documents properly.
